- Node.js
- Adobe XD / Figma

## SOFT SKILLS

- Empathy
- Communication
- Time Management
- Creativity
- Discipline
- Problem Solving
- Adaptable
- Passionate
- Spanish
- Portuguese

## SUMMARY

Originally a middle school history teacher, my dream and passion has always been to make a positive impact on people's lives. That dream lives on, but the tech field is my new medium. Despite not coming from a CS background, I feel that the soft skills that I learned throughout my journey thus far, combined with my newly honed hard skills would make me a great addition to any team.

## RELEVANT EXPERIENCE

### 6TH GRADE HISTORY TEACHER

Orange County Public Schools

2019 - 2021

- Taught six periods per day with students with various needs and challenges.
- Worked with other history teachers to develop weekly lesson plans.
- Tracked student growth and data and interacted with parents to achieve student goals.

### FREELANCE WEB DESIGN

Besiege Digital

2020 - Present

- Designed, developed, and maintained custom websites for multiple small businesses using Wordpress and the Elementor plugin.
- Performed UX usability tests using a questionnaire, data collection (affinity mapping) and ideation.
- Used design tools like Adobe XD to plan website designs.

## FRONTEND PROJECTS

### GAMEHUB

Technology Used

React, CSS Modules, NodeJS/Express, Firebase/Firestore, Multiple APIs

#### Summary

An e-commerce video game store where users can sign up for an account using Firebase, search and view game details, add those games to a wishlist and/or cart, and purchase those games using the Stripe API.

### REACT WEATHER APP

Technology Used

React, CSS, Multiple APIs

#### Summary

A weather app with a twist. The user can search and save temperature data from cities across the world. The background changes dynamically depending on the weather of the chosen location.
